Place a pinwheel color square on the left end of the main color rectangle, right sides together.

Sew on both lines and cut between the lines. Press to the darker color.

Sew together a background rectangle and a star point unit. Do this 4 times.

Sew units together as shown.

If you have wanted to participate in the QOV project, but haven't had a chance, you can make this block in the red/white/blue version. If you bring them to the meeting, I will get them to Sally.
