

# Cabin Fever Quilters Guild Yahoo Account

## To become a member of the CFQG Yahoo list:

- You will need a yahoo ID (you may already have one if you use other Yahoo services) go to <http://groups.yahoo.com>
- Go to the group site (<http://groups.yahoo.com/group/CFQG/>).
- Click on “**join this group**” under the picture of our group and answer the questions it asks about how you want your subscription to the group handled. It would be helpful to the administrator if you would put “I just joined the Guild” or something similar in the message to the group administrator. Please enter your first and last names when the questions come up. It’s hard to identify a member just using an email address.
- Yahoo will notify me that someone is requesting to join, and I will take care of the rest.
- *ALTERNATE METHOD:* You can email me directly ([mcgee@ptialaska.net](mailto:mcgee@ptialaska.net)) and tell me you would like to join. I will send you an invitation through the group and you will need to follow the directions and links in that email. (You still need a Yahoo ID, but it should walk you through obtaining one)

## To send a message to the group:

- **Method 1:** send an email to [CFQG@yahoogroups.com](mailto:CFQG@yahoogroups.com)—It must come from the email address you used when you signed up. If you receive an error message let me know and I can look up which email address is associated with your Yahoo account.
- **Method 2:** Sign on to the CFQG page on Yahoo Groups (<http://groups.yahoo.com/group/CFQG/>). On the left side under MESSAGES, click on POST, compose your message and hit SEND.

If you are not receiving group emails, one of the following may be the cause:

- Your program thinks the messages are spam. Check your spam filter or junk mailbox. If the emails appear there, add [CFQG@yahoogroups.com](mailto:CFQG@yahoogroups.com) to your contacts of safe senders.
- The mail is being sent to a different email address than the one you normally use (if you have multiple addresses). Log on to the Yahoo Groups site (see above) and check under edit membership (located just above the long horizontal blue bar above the QIS photo).
- Your membership is set to not receive emails from the group. Again check under edit membership as described above.

Any questions or issues with the yahoo group please email me, Elaine Thompson McGee at [elaineltm@gmail.com](mailto:elaineltm@gmail.com)
